PROFESSIONAL SUMMARY

Second-year B.Tech Computer Science Engineering student at Bennett University (CGPA: 8.55) with hands-on full-stack development experience across the MERN stack and AI integration. Proven track record through a frontend internship at Zidio Development and two shipped projects — including an adaptive learning platform and an AI-powered chat assistant. Strong academic performance with an A+ in Operating Systems and A grades in Algorithms, Computer Networks, and Backend Development. Strong DSA foundation with 228+ problems solved on LeetCode (rating 1420). Seeking impactful internship roles in full-stack, AI, or backend engineering.

EXPERIENCE

Frontend Developer Intern — Zidio Development

3 months | *React.js · D3.js · Component Architecture*

- Developed responsive frontend modules using React.js for internal business applications, improving cross-device usability.
- Built a library of reusable UI components, cutting feature development time and improving long-term maintainability.
- Integrated dynamic D3.js data visualisations into operational analytics dashboards, enabling real-time data-driven decisions.
- Collaborated with cross-functional teams to ship task management and workflow features on schedule.
- Participated in debugging cycles and frontend performance optimisation, contributing to measurable load-time improvements.

PROJECTS

Cognix — Mood-Adaptive Learning Platform ([GitHub](#))

React.js · Node.js · Express.js · MongoDB Atlas · Tailwind CSS

- Architected and shipped a full-stack educational platform with JWT-based authentication and role-based authorisation.
- Built quiz modules, topic management, and a student progress-tracking dashboard consumed by both learners and admins.
- Designed RESTful APIs for content management and performance analytics; integrated with MongoDB Atlas for scalable cloud storage.
- Enabled dynamic content creation by administrators, reducing manual intervention in course lifecycle management.

AI Text Assistant ([GitHub](#))

React.js · Node.js · Express.js · Gemini API

- Integrated Google Gemini API to build a conversational AI assistant capable of real-time, context-aware responses.
- Developed the React frontend with clean chat UX and the Express.js backend for prompt processing and response streaming.
- Implemented robust async request handling and error recovery to ensure a smooth user experience under varying network conditions.

TECHNICAL SKILLS

Languages	JavaScript, Java, C · TypeScript (learning)
-----------	---

Frontend	React.js, Redux Toolkit, HTML5, CSS3, Tailwind CSS, Bootstrap, D3.js
Backend	Node.js, Express.js, REST APIs
Databases	MongoDB, MongoDB Atlas · MySQL (learning)
AI & Integration	Gemini API, LLM Integration, Prompt Engineering, AI-Powered Web Apps
Tools & DevOps	Git, GitHub, Postman, VS Code, JWT Authentication
Core CS	Data Structures & Algorithms, OOP, Operating Systems, DBMS, Computer Networks, Microprocessors & Computer Architecture

DATA STRUCTURES & ALGORITHMS

LeetCode: leetcode.com/u/ShAshAnK515 · **GeeksforGeeks:** [geeksforgeeks.org/profile/codeshashank](https://www.geeksforgeeks.org/profile/codeshashank)

- Solved 228+ DSA problems on LeetCode; contest rating 1420; participated in 3 rated contests.
- Core competencies: Arrays, Strings, Linked Lists, Stacks, Queues, Trees, BSTs, Heaps, Hashing, Recursion, Greedy, Dynamic Programming.

EDUCATION

Bennett University — B.Tech, Computer Science & Engineering	2024 – 2028	CGPA: 8.55	
Kairali School, Ranchi — Class XII (CBSE)	2022	78.8%	
Kairali School, Ranchi — Class X (CBSE)	2020	81%	

ACADEMIC PERFORMANCE — SEMESTER 4 (BENNETT UNIVERSITY)

Course Code	Course Name	Credits	Grade
CSET244	Design and Analysis of Algorithms	7	A
CSET209	Operating Systems	4	A+
CSET203	Microprocessors and Computer Architecture	4	B+
CSET207	Computer Networks	4	A
CSET231	Programming Methodologies for Backend Development	4	A
CSET210	Design Thinking & Innovation	2	B+

Semester 4 (2025-26): SGPA 8.92 | Overall CGPA: 8.55 | Credits Completed: 25/25

ACHIEVEMENTS

- Maintained a strong CGPA of 8.55 through four semesters of B.Tech CSE at Bennett University, with an A+ in Operating Systems.
- Secured and completed a 3-month Frontend Development Internship at Zidio Development as a first-year student.
- Solved 228+ DSA problems across LeetCode and GeeksforGeeks, demonstrating consistent problem-solving discipline.
- Shipped two full-stack applications — a MERN-based learning platform and an AI-powered assistant — with real feature depth.
